Objective

To work as an employee in an environment, which is innovative, challenging and where I can enhance my skills to make a significant contribution to the organization, targeting the achievement of the organizational objectives and my professional growth. To obtain a challenging data scientist position in a dynamic and innovative organization where I can use my technical and analytical skills.

Professional Experience

1st Organization: Vikramashaala Foundation, Bangalore**Role:** React-JS Developer [-Internship]**2nd Organization:** Freelancer, Jaipur**Role:** Front-End Developer

Skills

- **Languages:** JavaScript, HTML, CSS
- **Framework:** React-JS, React-Router, Redux, Tailwind CSS, Bootstrap, Swiper-Js, Matter-js
- **WebDev Tools:** VSCode, Postman, ChromeDev Tools, GitHub, Netlify, Figma

Specialization

- JavaScript
- React-JS
- React-Router
- Git
- GitHub
- Front-End Development

Role & Responsibility

As a Frontend Developer, I will be responsible for designing and developing modern, responsive, and high - Performance user interfaces. I will work closely with our UI/UX and Backend teams to create a seamless and Fluid user experience.

Work Experience

- **Countries Rest API (countriesrestapi.com):** Worked as a front-end developer. Created reusable **React Component** from **HTML Themes**. Made navigation using **React Router**.

Used **Redux** to manage complex states. Worked with **Figma** design to create custom sites using **Vanilla CSS** and **JavaScript**. Used **Bootstrap** in some exiting project.

- **Goshala (goshala.com)**: Worked as a front-end developer. Developed the whole website (goshala.com) of the agency using the combo of **HTML Themes**, **Custom CSS**, **JavaScript** and **React-JS** for faster and elegant results. Being a **Static Site**. I hosted it on **GitHub** and published it through **Netlify**. Used **Netlify Forms** to get user submissions without worrying about backend.

Personal Project

- **Netflix Clone (netflixclone.com)**: Worked as a front-end developer. Developed the whole website (netflixclone.com) of the agency using the combo of **HTML**, **Tailwind CSS**, **JavaScript** and **React-JS** for faster and elegant results. Being a **Static Site**. I hosted it on **GitHub** and published it through **Netlify**.
- **My Expenses (myexpenses.com)**: Worked as a front-end developer. Developed the whole website (myexpenses.com) of the agency using the combo of **HTML**, **Tailwind CSS**, and **JavaScript** for faster and elegant results. Being a **Static Site**. I hosted it on **GitHub** and published it through **Netlify**.

Qualification

- **Bachelor of Computer Application (BCA)**
Jaipur National University, (Jaipur, Raj.)

Personal Profile

- **Gender** : Male
- **DOB** : 30 Oct, 200
- **Father Name** : Sita Ram Saini
- **Nationality** : Indian
